Dear Mr. Collacchi,

Thank you very much for your letter of the 25th and the thoughtfulness itt reflects. I do appreciate both.

Because people do care I try to answer answer all letters to the best of my ability. I dare not let them accumulate!

There is a favor I ask if it presents no problems to you. I've asked Failure Associates for what they can let me have about their ABA presentation of last fall, The Trial of Lee Harvey Oswald. As you may know, what they did was misused and misrepresnted. If they do not want to cosponsor, that is their business. Because they have not responded I',ll have to use what the media carried. Around here I saw nothing.

Because it was local, if you have a local paper it may have carried stories and may be able to provide copies. If you will please ask them I'll be glad to pay the costs.

If they do have stories, I should have them all.

Thanks and best wishes,

Harold Weisberg
